

YES-EU 180/2

180 kW Intelligent DC Charger

CCS2 or GB/T Standard

The Enerqo 180 kW (300A) Intelligent 2 Gun Charger is an excellent choice for medium powered, easy to install solution for charging all electric vehicles and electric buses.

Clear 7" high brightness touch display, RFID card reader and different charging modes make this a simple to use DC charger for in-house and logistics depots applications.

This new two gun DC charger is designed for continuous 24/7 charging operation at full rated power. High 1000 V maximum voltage makes it suitable for all vehicles.

The charger is available in both CCS2 and GB/T versions.

Technical Specification

| | |
|--------------------------|-----------------------------|
| Power rating | 180 kW, 300A DC |
| EV connector | CCS2 or GB/T, 2 guns |
| Charging cable | 5 or 7 meters as standard |
| EV charging GB/T | 250A / 150 kW per gun (max) |
| EV charging CCS2 | 200A / 120 kW per gun (max) |
| Dual charging mode | Not available |
| Output Voltage | 300~1000 V _{DC} |
| Case safety ratings | IP54 |
| Operating temperature | -30°C to +50°C |
| Power unit, size (w,d,h) | 800 * 800 * 2000 mm |
| Power unit, weight | 360 kg |
| Main display | 7 inch HD touch display |
| Payment terminal | Nayax VPOS Touch (optional) |
