

# YES-EU 240/2

## 240 kW Intelligent DC Charger

CCS2 or GB/T Standard

**The Enerqo 240 kW (350A) Intelligent 2 Gun Charger is an excellent choice for medium powered, easy to install solution for charging all electric vehicles and electric buses.**

Clear 7" high brightness touch display, RFID card reader and different charging modes make this a simple to use DC charger for in-house and logistics depots applications.

This new two gun DC charger is designed for continuous 24/7 charging operation at full rated power. High 1000 V maximum voltage makes it suitable for all vehicles.

The charger is available in both CCS2 and GB/T versions.

### Technical Specification

Power rating	240 kW, 350A DC
EV connector	CCS2 or GB/T, 2 guns
Charging cable	5 or 7 meters as standard
EV charging GB/T	250A / 150 kW per gun (max)
EV charging CCS2	200A / 120 kW per gun (max)
Dual charging mode	Not available
Output Voltage	300~1000 V <sub>DC</sub>
Case safety ratings	IP54
Operating temperature	-30°C to +50°C
Power unit, size (w,d,h)	800 * 800 * 2000 mm
Power unit, weight	400 kg
Main display	7 inch HD touch display
Payment terminal	Nayax VPOS Touch (optional)

### Product variants

YES-EU 240 kW 2 Gun Charger, CCS2, 5 meter cable	
YES-EU 240 kW 2 Gun Charger, CCS2, 7 meter cable	
YES-EU 240 kW 2 Gun Charger, GB/T, 5 meter cable	
YES-EU 240 kW 2 Gun Charger, GB/T, 7 meter cable
