YES☰EU

YES-EU 120/2
120 kW Standalone DC Charger
CCS2 or GB/T Standard

The YES-EU 120 kW (200A) Intelligent 2 Gun Charger is an excellent choice for charging electric vans, trucks, buses and other vehicles.

The modular architecture allows dynamic charging where maximum power can be directed to either outlet.

Clear 7" high brightness touch display, RFID card reader and different charging modes make this a simple to use DC charger for in-house and logistics depots applications.

This new two gun DC charger is designed for continuous 24/7 charging operation at full rated power. High 1000 V maximum voltage makes it suitable for all vehicles.

CE

Technical Specification

Power rating	120 kW, 200A DC
EV connectors	CCS2 or GB/T, two guns
Charging cable	5 or 7 meters as standard
EV charging CCS	200A / 120 kW per gun (max)
EV charging GB/T	200A / 120 kW per gun (max)
Output Voltage	200~1000 V_{DC}
Power unit, size (w,d,h)	750 * 550 * 1800 mm
Power unit, weight	300 kg
Case safety ratings	IP54
Operating temperature	-20°C to +50°C
Main display	7 inch HD touch display
Payment terminal	Nayax VPOS Touch (optional)
