

YES-EU 60/2p

60 kW DC Charger for Public Charging

CCS2 Standard

The YES-EU 60 kW (200A) Intelligent 2 Gun Charger is an excellent choice for public charging all electric vehicles.

The modular architecture allows dynamic charging where maximum power can be directed to either outlet.

Large 10" high brightness touch display, RFID card reader and embedded Nayax Touch VPOS payment terminal make this a simple to use DC charger for all public and in-house charging applications where multiple user identification and payment methods are needed.

This new two gun DC charger is designed for continuous 24/7 charging operation at full rated power. High 1000 V maximum voltage makes it suitable for all vehicles.

Technical Specification

Power rating	60 kW, 200A DC
EV connectors	CCS2, two guns
Charging cable	5 or 7 meters as standard
EV charging CCS	200A / 60 kW per gun (max)
EV charging GB/T	200A / 60 kW per gun (max)
Output Voltage	200~1000 V _{DC}
Power unit, size (w,d,h)	750 * 550 * 1800 mm
Power unit, weight	250 kg
Case safety ratings	IP54
Operating temperature	-20°C to +50°C
Main display	10 inch HD touch display
Payment terminal	Nayax VPOS Touch

Product variants

YES-EU 60 kW 2 Gun Charger, CCS2, 5 meter cables Nayax VPOS Touch payment terminal	
YES-EU 60 kW 2 Gun Charger, CCS2, 7 meter cables Nayax VPOS Touch payment terminal
